SECOND CONSTITUTIONAL AMENDMENT.—Joint and concurrent resolution submitting to the qualified voters of the State of Missouri an amendment to the constitution thereof, providing for the reservation to the people of the right to propose measures for enactment, to require enactments of the general assembly to be submitted to a vote of the people for ratification, and to define referendum and initiative petitions and the relations of the executive and the general assembly to measures approved or enacted by electors.

Be it resolved by the Senate, the House of Representatives concurring therein: That at the general election to be held on the first Tuesday after the first Monday of November, 1904, there shall be submitted to the electors of the State of Missouri an amendment to section 1, article 4, of the state constitution; so that said section, when amended, shall read as follows:

Section 1. The legislative power, subject to the limitations hereafter contained, shall be vested in a senate and house of representatives, to be styled "the general assembly of the State of Missouri." The legislative power of any municipal division of this state (such as city, town or village), on its own municipal matters is inherent and shall be vested in the electors of each municipal division, subject to such laws of general nature, having uniform operation throughout the state as the general assembly may enact.

A number of electors in each congressional district in this state, equal to ten per cent. of the total number of votes cast in each congressional district at the last preceding general election for governor, shall have power to require that any act or part of an act, passed by the general assembly, shall be referred to the electors at the next general election, by filing their signed demand with the secretary of the state, not more than ninety days after adjournment of the general assembly which passed the act, earlier than which date no law or part of a law can become operative, except appropriation acts; all laws immediately affecting the preservation of the public peace, health and safety; and laws passed by a two-thirds vote of the members elected respectively to each house and approved by the governor.

A number of the electors in each congressional district in this state, equal to fifteen per cent. of the total number of votes cast in each congressional district at the last preceding general election for governor, shall have power to propose any law, amendment to, or repeal of a law, and require that it be referred to the electors of the state, except as above stated, to be voted on at the next general election, provided the election does not occur within ninety days after the filing of the petition with the secretary of the state, and such law shall be in effect from and after the date of the official declaration of the result of the vote, if approved by a majority of those voting thereon.

A number of electors in each congressional district in this state equal to twenty per cent. of the total number of votes cast in each congressional district at the last preceding general election for governor, shall have the power to propose any amendment to the constitution of the state of Missouri, and require that such amendment be referred to the next general election, provided, the election does not occur within six months after the filing of the petition with the secretary of state, and such constitutional amendment shall be in effect from and after the date of the official declaration of the result of the vote, if approved by a majority of those voting thereon.

All the component parts or sheets of any petition, used to receive the signatures of electors, to invoke either the

Amendment, entitled: "Joint and concurrent resolution submitting to the qualified voters of the State of Missouri, an amendment to section 47 of article IV of the constitution thereof."
